The UW Department of Psychiatry and BRAVE Research Center are looking for youth ages 10-16 to participate in a paid research study! We are seeking healthy youth with no history of mental illness OR youth with depression, anxiety, or PTSD.

Earn a $10 gift card for completing a brief online screening form at our study’s website: braveyouth.psychiatry.wisc.edu

Youth who qualify may earn up to $1,020 for all study activities. Youth who qualify will visit the clinic for three research visits, where they will answer questions about feelings, thoughts, and behaviors, complete an MRI scan, and provide biological samples. Study activities will repeat annually for two more years. This study does not involve medication or needles!

Please visit our website, call, or email the BRAVE Research Center for more information:
